PROFILE

As an aspiring Full Stack Developer, I am eager to leverage my academic background and passion for technology to contribute to dynamic projects and gain hands-on experience in the field. With a solid foundation in full stack development acquired through rigorous coursework and practical projects, I am keen on applying my skills in HTML, CSS, JavaScript, and various frameworks to create innovative and user-friendly web applications. I am seeking a challenging and growth-oriented role within a forward-thinking organization where I can collaborate with experienced professionals, expand my knowledge, and make meaningful contributions to impactful projects while continuously refining my expertise.

TECHNICAL SKILLS

Front End Technologies

- HTML
- CSS
- JavaScript

Framework

Django

Cloud Computing

AWS

Front End Framework

- Bootstrap
- jQuery

Databases

- MySQL
- Xampp

Languages

- Python
- SQL

Version Control

Github

PROJECTS

JW Marittot clone :

Technologies Used :- HTML, CSS, Bootstrap5, JavaScript, Django

- Implemented secure user authentication system for signup and login.
- Developed a robust booking system with Razorpay payment gateway integration.
- Built a custom admin dashboard for comprehensive control over user accounts, bookings, and site content.
- Provided CRUD functionalities for user management to administrators.
- Showcased customer interaction journey through the booking process for a seamless experience.
